## Submission Guidelines:

### Project Submission Requirements:

Format your entry as a **Notebook project**, including:

[Project Name] + [Brief Introduction] (state the user needs addressed) + [Key Features] + [Code Demonstration]

### Submission Method:

1. Publish your Notebook project in **semi-public mode (partially visible 部分可见)**.
2. Create a **Word/TXT/Excel** document containing info: **Team name, UID (User ID), Notebook project link.**
3. Upload this document via the "**Submit Entry (提交结果)**" button on the top-right corner.

The image illustrates the submission process in the PaddlePaddle AI Studio. It shows the 'Project Hall' (项目大厅) where a 'Notebook' project is highlighted. Below that, the 'Project Details' (项目详情) page is shown, with the 'Public' (公开) button highlighted. The 'Public Project' (公开项目) dialog box is shown, where the 'Partially Visible' (部分可见) option is selected, and a project link is generated. Finally, the 'Submit Entry' (提交结果) button is highlighted in the competition navigation bar.
